Authentic Baliness Gazebo

3 x 3 Mtr (Floor) Roof area aprox 4 x 4 Mtr.

This is a genuine imported traditional Bali hut made from 100% old Indonesian coco wood.

Features:

- Roof - This hut uses black bituminous shingles that give a great aesthetical appearance of a traditional Baliness roof combined with providing extremely long lasting protection and resistance to any weather conditions, guaranteed 25 years plus, no maintenance, will not fade, fire and cyclone rated as opposed to Indonesian forest ironwood shingles which are no longer obtainable.
- The roof is well insulated and is comprised of 4 layers, bituminous shingles, aluminium insulation, plywood and then traditional bamboo matting (bedek) on the underside ceiling.
- Includes traditional baliness hand carvings on the fascia and corners to cover joins.
- The Hut is complete with deck, 3 side railings, steps, concrete footers, traditional roof crown plus a tin of stain for future touch ups.
- Baliness "knock down" system which means the hut can be easily transported / relocated
- Price includes delivery and installation (metropolitan Brisbane)
